

MS101 – Discrete Mathematics
Activity 2

NAME: Jhon Ray M. Loreño
STUDENT NO: 23-1940
YEAR/SECTION: SBIT-3L
DATE: 10/13/2025

SCORE	PERCENTAGE

INSTRUCTIONS: Answer the following.

- Define set in your own words.
 - A set is basically a collection of different things, number wise a set looks like: $\{1,2,3,4,5,6\}$, but in real life a set is for example the fruits in a fruit basket. The elements are the fruits itself and them being in a fruit basket makes them a set.
- List the elements of the set P of PRIME NUMBERS. Use proper symbols and Notations.
 - $P = \{2, 3, 5, 7, 11, 13, 17, 19, 23, 29, 31, 37, 41, 43, 47, \dots\}$
- List the elements of the set C of CONSONANT letters.
 - $C = \{B, C, D, F, G, H, J, K, L, M, N, P, Q, R, S, T, V, W, X, Y, Z\}$
- What is the element of the set $S = \{x \mid x^3 = 27\}$?
 - $S = \{3\}$
- What are the symbols used to denote empty set?
 - Some symbols to denote an empty set is braces with nothing inside it $\{\}$ and $\emptyset$ this symbol.
- List of the elements of the following sets $B = \{x \mid 1 \leq x \leq 5\}$
 - $B = \{1, 2, 3, 4, 5\}$
- $C = \{x \mid 0 \leq x \leq 10\}$
 - $C = \{1, 2, 3, 4, 5, 6, 7, 8, 9, 10\}$
- $D = \{x \mid x \text{ is divisible by } 5\}$
 - $D = \{\dots, -10, -5, 0, 5, 10, 15, 20, 25, \dots\}$
- $E = \{x \mid x \text{ is a hexadecimal number}\}$
 - $E = \{0, 1, 2, 3, 4, 5, 6, 7, 8, 9, A, B, C, D, E, F\}$
- $F = \{x \mid x \text{ is a binary digit}\}$
 - $F = \{0, 1\}$
